### DATES TO REMEMBER

Friday 21 May	Volunteer Morning Tea
Friday 28 May	Student Free Day
Friday 4 June	School assembly
Friday 25 June	School assembly

### Principal

Happy Volunteers Week. A very big thank you to all our school and community volunteers, everyone contributes in their own way and every contribution is appreciated. Our school is supported in so many ways, it is not just listening to reading, there is so much more including our Governing Council members and sub committees – fundraising, grounds and WOOSHC, breakfast club, SAPSASA drivers / attenders, excursion helpers and so many more. A special thank you to the Mother's Day stall helpers, Alison Pietsch for her co-ordination of the event, Tina Frost for the ordering and school staff who volunteered to help set-up. We are looking forward to morning tea this Friday 21 May at 10:30am in the library to say thank you.

Week two and three were busy with 3 *Way Discussions*. Thank you to all the families that took the opportunity to meet with the teachers to discuss their children's learning progress. Contacting the classroom teacher is not restricted to these times. If you have concerns at any time we ask you to contact the teacher.

We are offering an excellent opportunity for you to support your child's reading with a workshop on Wednesday 26 May. This will be presented by Leanne Jones who has an extensive knowledge of reading acquisition. The workshop will be held on Wednesday 26 May at 8:45 am in the library. We encourage parents of all year level students to attend.

The second week of Naplan testing is underway. It has been a big two weeks and every effort has been made to 'catch-up' students who have been absent from school, unfortunately this has not always been possible due to test time lines. Many thanks to Megan Higgins for all the organisation, staff flexibility with changes and the students for their positive participation.

Our first fundraising event for the year will begin next week. Waikerie Bakery PIE DRIVE. Next Wednesday the youngest member of the family will receive the Pie Drive order form. Orders and money need to be returned to school by week eight, Wednesday 16 June. Unfortunately we can take no late orders as the totals need to be collated and sent to the bakery that week. Delivery and collection of orders will take place in week nine on Thursday 24 June. You will be informed of a pick-up time in a later newsletter.

### Coombe Terrace parking

There are only two car parks on the left handside of the entrance steps in the junior primary area. This is so the buses can get out of the bus drop off area easily. In the morning if cars park in this area it can make the bus drivers miss the Lutheran School connector bus. Please keep this area clear.

### Deputy Principal

Our Year 3, 5 and 7 students have been participating well in the NAPLAN testing. I have been proud to see their engagement and effort over the two week period. Individual student performance is shown on a national achievement scale, and a NAPLAN individual student report will be issued by your child's school later in the year.

### Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy \(https://www.education.gov.au/privacy-policy\)](https://www.education.gov.au/privacy-policy).

Further information about the NCCD can be found on the [NCCD Portal \(https://www.nccd.edu.au\)](https://www.nccd.edu.au).

If you have any questions about the NCCD, please contact the school.

Our **Book Fair** is coming up in Week 6, from Monday 31<sup>st</sup> May. It will be in the Junior Primary side of the Library. The selection of books at the Book Fair will include a wide range of quality books, all at discounted prices. Students will visit the book fair with their class and there will also be opening times for parents to come along and look at the selection available.

### Student Wellbeing Leader

#### **Free online program to support children experiencing anxiety:**

The BRAVE Program is an interactive, online program for the prevention and treatment of childhood and adolescent anxiety. The programs are free, and provide ways for children and teenagers to better cope with their worries. There are also programs for parents. You can access the program at the link below.
